JLG reachingout.
Now you can go more places around the job site thanks to the low weight and non-marking tracks on the Compact Crawler boom. Available in five models with working heights ranging from 45 ft to 76 ft, JLG® Compact Crawler boom lifts feature a tracked wheel carriage that climbs steps and a narrow chassis for access through doorways, gates and yards.

VERSATILE AND PRACTICAL

“Jobs that used to require tricky positioning are much easier to access now.”
ALL OF YOUR OVERHEAD TASKS WITHIN REACH

Whether you’re working indoors or outside, the Compact Crawler boom has your job covered. With enhanced maneuverability and better access, you’ve got the ability to go more places thanks to its low profile, non-marking tracks and compact dimensions. The compact crawler is easy to operate with one-touch outrigger leveling, an interactive display in the platform and controls. And because the compact crawler is so lightweight, it can be set up on sensitive flooring and landscaping.

Additionally, these machines are environmentally friendly with an optional Lithium-ion battery for cleaner, greener operation. And the dual power onboard—gas or electric power, accompanied by an electric AC motor—are standard to reduce noise and emissions in public spaces. Other features include an articulating jib for greater reach, rotation of platform* and zero-turn radius with counter rotation.

*Not available on X390AJ.

“While indoors, I can quietly operate at full speed thanks to the Lithium-ion battery. Plus, I can easily fit through narrow doorways.”

FEAT URES

Optional Quick-Start Lithium-Ion Battery
Produces zero emissions and quiet operation.

Ease of Transport
Fits on a trailer or tilt-back truck (low weight, good gradeability, compact).

FORK POCKETS AND LIFT HOOKS
Are standard on new X500AJ and X600AJ models.
Greater Access
Compact dimensions for getting into hard-to-reach areas.

Self-Leveling
One-touch outrigger leveling.
PUTTING YOUR WORK ABOVE EVERYTHING

When it comes to JLG® Ground Support, it’s all about you. Your productivity. Your profitability. Your uptime. From the purchase of your first piece of equipment straight through to the training, parts and maintenance that follows.

- **Customer Service Call Center**
  You can be assured we’ll be giving an all-out effort to support you. Just think of us as your personal on-call, full-service support team. We make it happen. Period.

- **Financial Solutions**
  Maximizing your profits. Preserving your cash flow. Let our financing specialists help choose the program designed specifically for your needs.

- **Aftermarket Parts**
  Keep your equipment running at peak performance with genuine replacement parts, accessories, attachments, rebuilt and competitive parts all from one source — JLG.

- **Training**
  Knowing your equipment inside and out results in higher productivity on the job. Our instructor-led courses give you the hands-on time you need to successfully operate equipment.

- **Service Centers**
  Your needs. Your uptime. JLG is on the job to fulfill your every need, from repair, reconditioning, same-day parts and much more. We’re here to support you.

- **Pre-Owned Equipment**
  As a high-value alternative to purchasing new equipment, you can search our used equipment inventory of pre-owned JLG and competitor products.

*Certain options of country standards increase weight.

**Country specific options available.
Main Features

- Optional Lithium-ion technology.
- One-touch outrigger leveling.
- 110V-AC receptacle in platform.
- Dual power onboard.
- Standard air/water line.
- Patented quick connect platform.
- Large Teflon outrigger pads.
- LCD panel provides onboard diagnostics.
