Powerful, versatile, parallel lifting work horse with telescopic arm and 3D head lifting 1213 lbs.

100% parallel lift

400% overcapacity
The most secure vacuum system with two separate 200% systems.

Battery indicator
Battery indicator and hour indicator for hours remaining before next service.

Unique powerful hydraulics
All automotive parts are operated by hydraulics only.

Fit in any angle
The unique 3D head allows you to manipulate the load in any angle you wish - more than 4 meters up.

Standard twin wheels
4 rugged tires are delivered as standard. Two can be dismounted if necessary.

Millimeter precise
The GLG all adaptable handlers are the most precise lifters in the world when combined with the extremely heavy loads.

We lift it up where it belongs!
